PROFILE

Full-stack and app developer who builds websites, web apps and Android apps and ships them live. At The Shine I handle the company's digital products end to end; I built the Agnisiragu news platform entirely on my own, from two Android apps to the backend, admin panel and website, and I run the servers, domains and Play Store releases behind them.

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, TypeScript, React, Next.js
Backend	NestJS, Python, Django, PHP, REST APIs
Mobile	React Native, Expo, Google Play Console
Databases	PostgreSQL, Prisma, MySQL, Firebase / Firestore, Supabase
Deploy & tools	Docker, Hostinger VPS, Vercel, Cloudflare Pages, Git / GitHub, VS Code

EXPERIENCE

App Developer — The Shine Apr 2026 – Present
Printing, events and rentals company · Coimbatore · Full-time

- Built the entire Agnisiragu news platform solo: reader and reporter Android apps (Expo / React Native), a NestJS + Prisma backend with OTP login and push notifications, a React admin panel and a Next.js website. The reader app is live on Google Play.
- Lead development of TicketsRaja, a multi-vendor event ticketing marketplace on Next.js, NestJS and PostgreSQL.
- Build the company's in-house GST billing platform and the Event247 website (PHP + MySQL).
- Run hosting and releases: Hostinger VPS with Docker Compose, Vercel, domains and Play Console.

Full Stack Developer Intern — Aero Edge Media Oct 2025 – Mar 2026
Coimbatore · Internship

- Built responsive websites and web apps with HTML, CSS, JavaScript and Django on MySQL.
- Launched client sites for Aero Edge Media, Sundaram Oils and AK Sports Club, including domain, DNS and Hostinger setup.
- Built contact forms with email automation.

PROJECTS

Agnisiragu — News Platform Google Play · agnisiragu.in
Citizen-journalism news platform built solo: two Android apps, NestJS + Prisma backend, React admin panel and Next.js website.

TicketsRaja — Event Ticketing Marketplace In development
Multi-vendor event ticketing marketplace on Next.js, NestJS and PostgreSQL.

Personal Portfolio kaviyarasu-portfolio.pages.dev
Static site on Cloudflare Pages with a Firebase contact form, EmailJS auto-replies and an admin dashboard for messages.

Vishal Mobiles — One-QR Links Page Live page
Mobile-first page that gathers a phone shop's social, WhatsApp and map links behind one QR code.

EDUCATION

B.E. Computer Science and Engineering
Asian College of Engineering & Technology · 2020 – 2024

Languages: Tamil, English
